ANGELICA NURSERIES

Growers of Fine Plants

MOHNTON R. D. No I, PA.

Located on Route 73

Phone Reading 2-3983

Introduction

Once again it is our pleasure to present you with a copy of our new wholesale list.

As always, our endeavor is to grow the finest plants possible. By selecting the better type plants of all varieties and propagating from them we believe we have accomplished much toward this end. All our plants receive the best possible care: they are root pruned and transplanted so as to develop a fine root system, they are sheared, sprayed, fed, cultivated and watered to assure compact clean plants. Your orders are dug and handled by experienced men in the very finest manner. Our every effort is directed toward developing and growing good heavy plant material offered at the lowest possible price and to merit your confidence and good will.

A price list is indeed a very poor indication of quality. We are offering quality plant material at a fair price, not "selling price" and feel that the value of a plant is seen rather than described. We urge you most cordially to visit our nurseries and inspect our acreage of plant materials. This year in particular we can offer outstanding blocks of many varieties. Our nurseries are located on Rt. 73, three miles south of Reading, Pa. at the village of Angelica.

Yours respectfully,

ANGELICA NURSERIES
Thomas J. Kohl, Jr., Owner

Member:

Pennsylvania Nurserymen's Association American Rhododendron Society Holly Society of America

Terms and Conditions

This list cancels all previous quotations and prices listed herein are subject to change without notice. Material offered subject to prior sale.

All prices are f.o.b. our nurseries.

Quantities: 5 to 24 at 10 rate, 25 and more at 100 rate except as otherwise stated. Less than 5 plants of a kind and size—50c additional per plant.

All stock when especially selected in the nursery will be sold at prices commensurate with the values of the specimens chosen.

Terms: Cash in advance unless satisfactory arrangement is made before pickup. 2% discount allowed. To those establishing accounts with us terms are 2% 10 days, net 30 days.

We express or imply no warranty as to productiveness of life of stock. We assume no liability for delay or failure in filling orders due to strikes, accidents, crop failures or other causes beyond our control. It is mutually agreed that our liability for untrueness to name is confined to free replacement or refund of purchase price.

Claims must be made in writing within five days of receipt of goods.
